Week 13

Developing Content (extended blogging practice)

(Students 9th Blog Posts)

- ICT Teacher checks if students have finished posting all previous blog posts and comments, and assists them in relation to any technical issues they may have.
- EFL Teacher checks if students have received the corrected versions of the texts for their 8th blog posts.
- ICT Teacher provides technical assistance to the students while posting the texts for their 8th blog posts.
- EFT Teacher assists students in creating contents for their 9th blog posts.
- Students finish posting their comments to other students’ blog posts, and prepare texts for their 9th blog posts.

- Edmodo Assignment - Week 13: Students 9th Blog Posts

Students are encouraged to continue providing comments to other students’ blog posts independently, and to write a text on a word document for their 9th blog post. They should post the texts on Edmodo, to be checked and corrected. After they receive the corrected versions, they can post them onto their blogs.
Filmmaking and Video Editing

(Production: Filming the Interviews and Post-Production)

- ICT Teacher checks if all the recorded video files are stored safely on the school’s computer, and prepares the setting for recording of the interviews.
- EFL Teacher checks if students have received the corrected versions of their answers to the interview questions, and makes sure students have practiced their presentations skills.
- Students record their interviews one at a time.
- EFL Teacher guides students through the contents on the school’s blog for Week 8 – Video Editing.
- ICT Teacher demonstrates to students the basics of video editing using Final Cut Pro video editing tool.
- Students work together to provide artistic solutions to the video editing stage, under the supervision of their teachers.
