Week 14

Developing Content (extended blogging practice)
(Students 10th Blog Posts)

- ICT Teacher checks if students have finished posting all previous blog posts and comments, and assists them in relation to any technical issues they may have.
- EFL Teacher checks if students have received the corrected versions of the texts for their 9th blog posts.
- ICT Teacher provides technical assistance to the students while posting the texts for their 9th blog posts.
- EFT Teacher assists students in creating contents for their 10th blog posts.
- Students finish posting their comments to other students’ blog posts, and prepare texts for their 10th blog posts.

- **Edmodo Assignment - Week 14: Students 10th Blog Posts**

Students are encouraged to continue providing comments to other students’ blog posts independently, and to write a text on a word document for their 10th blog post, which is the final blogging assignment for this course. They should post the texts on Edmodo, to be checked and corrected. After they receive the corrected versions, they can post them onto their blogs.
Filmmaking and Video Editing

(Post-Production, final stage)

- ICT and EFL Teacher assist students in finalizing the editing stage of the video titled Digital Literacy for EFL Students, including effects, and sharing the master video file to make it available to a wider audience.

Social Networks

(Promoting contents online)

- EFL Teacher guides students through the contents on the school’s blog for Week 10 – Social Networks.
- ICT Teacher demonstrates to students how to upload a video on a YouTube channel, and how to share and promote it on other social media, such as Facebook, Snapchat, Twitter, or Instagram.
